

Sharon Holloway earned her Bachelor of Arts in Chemistry from University of Detroit Mercy, Masters of Science in Organic Chemistry and Education Specialist in Administration from Wayne State University. She has been a dedicated teacher in the Detroit Public Schools Community District for 25 years, she is involved in promoting student growth in the areas of higher order thinking skills and a positive attitude toward science. Sharon was introduced to DAPCEP (Detroit Area Pre-College Engineering Program) through her wonderful friend and mentor Hallie Jones who has trained and supported her over the years. As a DAPCEP In-School Teacher she has motivated students and assisted them in discovering that burning passion that drives life-long learners to keep seeking more knowledge which began in 2008, while mentoring students from several Detroit Public Schools as the Lead Science Teacher for the University of Michigan Dearborn Fostering Interest in Information in Technology Program.

Over the years she has also served on several District Curriculum Instructional Committees and Instructional Material Selection Committees. Sharon has also assisted in the development of new Science Teachers as a Wayne State Mentor Teacher in Student Teacher Training and as a Woodrow Wilson Fellow Mentor Teacher for Michigan State University. During several summers and Saturdays she was also involved as a Wayne State Trio Upward Bound as an Instructor/Tutor. In addition Sharon was an Adjunct Faculty member at Wayne County Community College District.

Sharon and her husband Stacey Harris are proud parents of two young men, Xavier Walker and Lawrence Harris who are Detroit Public School graduates.
