CLARIFICATION ON EMAIL SENT 2/29/24

Self nomination of professional awards should be done by ALL students, virtual AND in person. This list is key for the professional judges. It ensures that your project is reviewed by the appropriate judges. A student must have an approved release form AND a verified email prior to self nominating for professional awards. A blast was sent at 10:00 AM this morning to all students that have not verified their emails.

In prior years (pre-Covid), Junior TEAM projects could be at the hall for presentation in the morning. Since Covid, that is no longer the case. ALL Elementary and Junior Division projects, individual and Team, plus ALL exhibition category projects will be judged blind – without the student present.

All SRC paperwork, including middle school students, needs to be uploaded by 3/8/2024.

Previous email(s) are located in the resources section, at the bottom, under emails sent.
